*We make puzzles for **people who care** what's in the box*

We're coming up on twenty years of making them. And as that anniversary approaches, we're proud of what we've built, and what we've come to stand for: a level of quality and care.

We care for our customers. We know they care too. That's why they choose us. It's why we invest in artists and publications we believe in. It's why we make all our puzzles in the USA. It's why we're a proud member of 1% for the Planet. All of it because we care about our customers, the stores that carry us, and doing things right.

And our customers feel it. They know it's not just another puzzle to do and throw out. It's a mindful selection of an image worth the hours they will spend with it. Worth framing. Worth doing again.

Welcome to our Fall/Holiday 2026 collection. We're debuting 40 brand-new puzzles this season, spanning Halloween, Fall, Winter, Holiday, New York, and Everyday.

We're also bringing back a piece count you've been asking for: 300 pieces. It's been five years since we last offered it, and your requests finally won us over. Look for it on Cannonball, Coney Island Express, Saturday Pancakes, 'Twas the Night Before Hanukkah, and Race You Down!

New this season: New Yorker MINI Collector's Sets, in Cats and Dogs editions. Six MINIs nestled in a beautifully designed keepsake box. The perfect gift (or treat-yourself moment).

As always, we hope you enjoy this collection. Here's to a season full of charm, creativity, and a whole lot of puzzling.

ORDER EARLY FOR HOLIDAY!

Nearly half our year happens in Q4.

Year after year, our Q4 sales are roughly equal to the rest of the year combined — and order volume more than quadrupled. It's our busiest, brightest, most beautiful season, and we love every minute of it. But it also means our runaway hits can sell out fast. **The best thing you can do for your store — and for us — is order early.**

Early orders help us forecast demand, manufacture the right quantities, and make sure your shelves are stocked when the holiday rush hits. They also mean you get first dibs on this season's standouts before they sell through.

Don't wait until November. Place your holiday reorder now — your future self (and your customers) will thank you.

THE 300-PIECE IS BACK

By customer demand, after a haitus. For five years, you've been asking.
We've finally listened — and we couldn't be happier to bring the 300-piece count back to our lineup.

Here's what we've learned: our customers are obsessed with our 100-piece MINIs because they're quick, satisfying, and easy to finish in a single sitting.
But sometimes you want a little more puzzle — and a little more art on the table — without committing a whole weekend to it. That's where 300 pieces shines.

Same beautiful puzzles. Same finished size of 18" × 24". Less of a commitment.

These are the perfect puzzles for the customer who loves puzzling but doesn't always have the time, the table space, or the patience for a 1000-piece marathon.
They're approachable enough for a younger puzzler just getting into the hobby, and substantial enough to feel like a real accomplishment when finished. Big enough to display. Small enough to finish over a long afternoon. Just right for puzzlers of every age and stage.

FORTY NEW PUZZLES!

We're thrilled to kick off the new year with the launch of our 2026 Collection—featuring 34 brand-new full-sized puzzles and 6 charming new MINIs.

The highlight of this release is our exciting collaboration with renowned illustrator Tug Rice, whose work brings a fresh yet timeless sensibility to our lineup. A New York native, Tug is celebrated for his elegant, character-rich illustrations that feel at once nostalgic and contemporary. His refined aesthetic, gentle humor, and impeccable sense of composition align beautifully with our brand—playful yet sophisticated, and always artful.

We're proud to debut six full-sized puzzles featuring Tug's work, each one an instant classic we know you'll love.

This time around, we've made it even easier to navigate the catalog—products are organized by type, and we've added color-coded tabs along the right edge to help you quickly find what you're looking for.

As always, we hope you enjoy browsing this new collection and we look forward to hearing your thoughts. Here's to a wonderful year ahead—and to filling it with creativity, charm, and a whole lot of puzzling.

Victo Ngai is a Los Angeles-based artist raised in Hong Kong. The work of this Forbes 30 Under 30 (Art and Style) honoree and Society of Illustrators Gold Medalist has often been described as magical realism. Each creation in Victo's world is layered with symbolism and stories that reveal more each time the viewer is engaged. The visual results of her artistic journey take inspiration in part from her Chinese heritage, an art education from the Rhode Island School of Design, a love for classic children's books, and Japanese ukiyo-e.

FAQ's

Will my business still be able to receive show promotions?

Yes, we love show promotions!

Am I able to see my current status or how much more I need to ship?

Yes! Program levels/benefits will be listed on order confirmations, invoices or viewed on our wholesale portal (NYPC CENTRAL). If viewing from NYPC CENTRAL you will be able to see how much has shipped and how many dollars need to ship in order to advance in the program. Or, ask your sales rep! Your local sales rep is happy to assist you with questions regarding this program.

If I have more than one store do all of my stores qualify for the program?

Shipped sales are tracked by account. If you have one billing address for all stores you will accrue shipped sales and soar through the program! If each store has its own billing address each store will have to qualify with shipped sales.

Benefits start on the first order shipped after each spending threshold and will last until the end of the following year. As an example, status achieved in 2026 will begin in 2026 and expire on December 31, 2027.

What makes our gifts so great?

1. Better Boxes: Our 8"× 10"× 1.875" thick puzzle boxes use less cardboard in production, which allows us to fit more puzzles per case pack. This helps lower our shipping costs and allows you to fit more products on your shelves.
2. Best Images: Do you feel like you have seen these images somewhere before? Yes! On your favorite magazines and books. We have teamed up with some of the largest publishing houses and production companies as well as avant guard independent artists to bring you a wide range of stunning and iconic art. You'll find them exclusively here at New York Puzzle Company.
3. Top Quality:

- Our puzzles are made with 100% recycled chipboard.
- 80-point chipboard thickness. That's 20% higher than most standard made puzzles.
- Linen-style paper used on all puzzles since 2014 to reduce glare while playing.
- All puzzles are shaken before being boxed to help reduce the amount of puzzle dust.
- Highest quality ceramic mugs with elegant, yet strong, fabrication.
- Playing Cards are Casino Quality.
