FORTY NEW PUZZLES!

We're thrilled to kick off the new year with the launch of our 2026 Collection—featuring 34 brand-new full-sized puzzles and 6 charming new MINIs.

The highlight of this release is our exciting collaboration with renowned illustrator Tug Rice, whose work brings a fresh yet timeless sensibility to our lineup. A New York native, Tug is celebrated for his elegant, character-rich illustrations that feel at once nostalgic and contemporary. His refined aesthetic, gentle humor, and impeccable sense of composition align beautifully with our brand—playful yet sophisticated, and always artful.

We're proud to debut six full-sized puzzles featuring Tug's work, each one an instant classic we know you'll love.

This time around, we've made it even easier to navigate the catalog—products are organized by type, and we've added color-coded tabs along the right edge to help you quickly find what you're looking for.

As always, we hope you enjoy browsing this new collection and we look forward to hearing your thoughts. Here's to a wonderful year ahead—and to filling it with creativity, charm, and a whole lot of puzzling.

Victo Ngai is a Los Angeles-based artist raised in Hong Kong. The work of this Forbes 30 Under 30 (Art and Style) honoree and Society of Illustrators Gold Medalist has often been described as magical realism. Each creation in Victo's world is layered with symbolism and stories that reveal more each time the viewer is engaged. The visual results of her artistic journey take inspiration in part from her Chinese heritage, an art education from the Rhode Island School of Design, a love for classic children's books, and Japanese ukiyo-e.

FAQ's

Will my business still be able to receive show promotions?

Yes, we love show promotions!

Am I able to see my current status or how much more I need to ship?

Yes! Program levels/benefits will be listed on order confirmations, invoices or viewed on our wholesale portal (NYPC CENTRAL). If viewing from NYPC CENTRAL you will be able to see how much has shipped and how many dollars need to ship in order to advance in the program. Or, ask your sales rep! Your local sales rep is happy to assist you with questions regarding this program.

If I have more than one store do all of my stores qualify for the program?

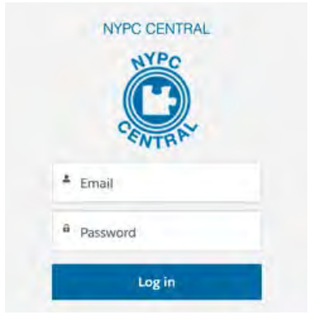

Shipped sales are tracked by account. If you have one billing address for all stores you will accrue shipped sales and soar through the program! If each store has its own billing address each store will have to qualify with shipped sales.

Benefits start on the first order shipped after each spending threshold and will last until the end of the following year. As an example, status achieved in 2026 will begin in 2026 and expire on December 31, 2027.

What makes our gifts so great?

1. Better Boxes: Our 8"× 10"× 1.875" thick puzzle boxes use less cardboard in production, which allows us to fit more puzzles per case pack. This helps lower our shipping costs and allows you to fit more products on your shelves.
2. Best Images: Do you feel like you have seen these images somewhere before? Yes! On your favorite magazines and books. We have teamed up with some of the largest publishing houses and production companies as well as avant guard independent artists to bring you a wide range of stunning and iconic art. You'll find them exclusively here at New York Puzzle Company.
3. Top Quality:

- Our puzzles are made with 100% recycled chipboard.
- 80-point chipboard thickness. That's 20% higher than most standard made puzzles.
- Linen-style paper used on all puzzles since 2014 to reduce glare while playing.
- All puzzles are shaken before being boxed to help reduce the amount of puzzle dust.
- Highest quality ceramic mugs with elegant, yet strong, fabrication.
- Playing Cards are Casino Quality.
